TECHNOLOGY INVESTMENT FORUM

Photonex 2010 · 3 & 4 November
The International Centre, Telford

Innovation Area Exhibition & Demonstrations

The Innovation Area is dedicated to demonstration of new applications, new innovations and new technology. The core of the demonstrations will be from the UK's top universities .

This area will be of strong interest to visitors to Photonex and Vacuum Expo 2010

We invite you to participate in this event, bring to the event your latest, best examples of your university's developments.

Example of an Innovation
Area stand

This Forum is entirely orientated to bringing people together with complementary expertise.

Innovation Exhibition Area
