WEDNESDAY 8TH JUNE 2016 · JAMES WATT CENTRE 2
EDINBURGH CONFERENCE CENTRE · HERIOT-WATT UNIVERSITY

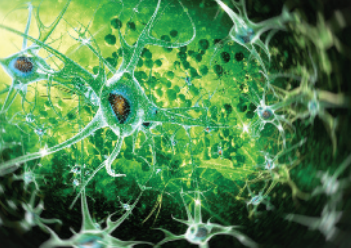

The roadshow brings together the UK's top supplier companies, leading researchers and invited speakers for a special one day event celebrating interdisciplinary uses of light technologies.

Visit this unique event and:

- Meet 30 exhibitors face-to-face
- View latest applications for photonic technologies
- See optical components, instruments & tools

Photonics is an enabling technology – exhibitors will develop solutions to satisfy your applications.

Your
invitation
to visit

Attend in-depth Conference & Tutorials from Leading Scientists & Technology Experts

Nano-Spectroscopy
Europe

CONFERENCE:

“Advances in photonic tools and techniques for the life sciences”

ADVANCE REGISTRATION IS REQUIRED FOR THE CONFERENCE

PHOTONICS TUTORIALS:

“How to? and latest photonic techniques”

Photonex Roadshows are all about photonics for applications in life sciences, in physics, chemistry, manufacturing and more broadly IN SCIENCE!

Don't miss the opportunity to meet with the 30+ exhibiting companies

If you miss this opportunity you must visit
